The image contains a page from a vehicle description and pricing sheet for a Ford Edge model. The text is too small to be transcribed accurately, but it appears to include details about the vehicle's features, pricing, and fuel economy. The page also contains QR code instructions and a smartphone scanning option.

The page includes a Chart showing fuel economy comparisons, with one row indicating "21 MPG" combined and highway, and "18/26 MPG" for city and highway respectively. Another row shows the cost for 4.8 gallons per 100 miles, with "$2,150" marked as the annual fuel cost.

The page also contains a "Go Further" label from Ford, and a ".vehicle description" section with various vehicle specifications and pricing information.

The document appears to be a part of a larger brochure or catalog detailing vehicle options and pricing.
